**RE: Public Hearing Request  
Case # 2005-00142 Transmission Lines**

Dear Executive Director:

Because I am an affected landowner by the transmission line I hereby request a public hearing for the case #2005-00142. I would welcome the opportunity to make a public comment regarding the ~~effect~~ the proposed installation of transmission lines by the German Foreign Power Broker E-On, the parent company of Louisville Gas & Electric and Kentucky Utilities, will have on the value of my property. I am also requesting a copy of a map which indicates exactly where the proposed transmission lines are scheduled to be placed and which prime farm lands and subdivided areas and building sites, the company intends to take in order to install these lines. If possible, I would also appreciate names of the landowners that will be affected.

Respectfully,

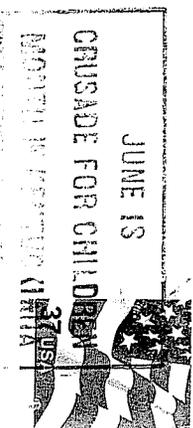

W. Diane Owsley
